St. Ignatius College of San Franelsco needs no defense at our hands. Unendowed, it has for many years won its way. Methodists, Baptists and Presbyterians are seeking—and from all sources, too—hundreds of millions of dollars. has not only added to the worries of Ches Searcy, but "Howdy Ed" Morrow, Boss Hert and all of the rest are at their wit's end in trying to heal the breach. The Hert-Searcy campaign committee attempted to heal Warley's wounds with a 'money sop'' from the campaign fund, sending him an advortising contract for \$500 to boost Morrow and "his wrongs of 1915" from now until the November election, but Warley sent the sop back, saying "nothing didding" and served notice that it is war to the knife between his followers and the Morrow ticket. Warley contends and contends logically in his paper when he says that he and his followers do not hope to have the old time darkey vote against the Republican log cabin, as this class feels indebted to Abe Lincoln for emancipation, but the young colored man coming up feels that his race has more than evened up that score, and their votes have been the balance of power in elect-ing many a Republican to office, no matter how inferior the candidate. The better class of colored people not only in Louisville but throughout Kentucky, will rebuko Morrow and the G. O. P. in November, and poor old "Howdy Ed's" chances to be Governor are going fast. Boss Hert's big campaign barrel, the hushwhacking of the Bingham press and Ches Searcy's strenuous efforts are all going for naught, and even the little piker touts who wanted to bet on Morrow two weeks ago are among the missing.
